### Skills and Attributes

Head Coach Jamie Funk states; "As a Junior, Kyler has the skills that every coach looks for in a player. He has the natural abilities and skills that are not taught but instinctive. Kyler not only has the tangibles of a good baseball player such as hitting, fielding, throwing and base running, he has the intangibles that are what builds a complete player. He carries himself well as a player on and off the field and his intelligence and awareness of the game equals those of far more years in experience. These traits are what allow him to excel above others as well as his willingness to learn and be a coachable player."

"Kyler is what most refer to as a natural athlete with his skills. Not only does he play baseball, he plays soccer & basketball and competes at a high level in both sports. Baseball is Kyler's passion but he puts his hard work ethics towards everything he participates in."

"Kyler is one of those players that does not accept the fact that he is good enough. He is always striving for ways to improve his game as well as his knowledge. This shows in all aspects of his life whether it is in his academics or sharing time with family. Kyler currently carries a 3.7 GPA and when he is not practicing baseball he seeks ways to spend time with his younger sister and parents."

Kyler brings all the skills and abilities coaches are looking for in a talented college Baseball prospect. He is a versatile player; he has played pitcher, 2<sup>nd</sup> base, shortstop and outfield. He is very competitive, a team player, a quick learner, respectful and a true leader on and off the field. His aggressiveness and intelligent play makes him a viable prospect at the next level.
